Assessment Criteria

As the EMBA's credo is "challenge your thinking, lead for growth and renewal", we assess candidates with the following criteria:

Formal criteria: Degree and management experience

You should have a minimum of ten years substantial work experience, of which at least three years of management experience. That also means you should be currently employed or self-employed. You are also required to hold a bachelor's degree. *

You are expected to provide 2 letters of recommendation. Finally, you should provide evidence of excellent command of the English language (e.g. Proficiency or TOEFL or IELTS or a bachelor's degree from a university where all courses were taught in English). In case the aforementioned do not exist, a personal interview will judge the level of command.

Past accomplishments,

How do we assess your potential for leadership? We look for clear evidence of achievement and progression. You should demonstrate a record of successful leadership which includes pursuit of a goal, motivating people to achieve this goal, the articulation of common purpose. We also assess the communication and interpersonal skills which are crucial to successful leadership.

Academic curiosity

While success is important, how you have succeeded is no less important. Our EMBA students should have developed themselves but also helped others develop. Successful applicants are reflective, thoughtful leaders who are intrigued by new knowledge as a means to make a difference in their organization.

** Exceptional cases, where no bachelor's degree exists, but is complimented by substantial senior management experience and professional achievements, will be seriously considered.*

Our EMBA accepts applications all year round & candidates are encouraged to apply as soon as possible. Though our admission process is straightforward and expedited, it takes some time to plan and prepare for the application. Therefore you are advised to start early the process to avail time for preparation.
